MDS: 061.0

I also, for the second half of my 22 year career at UMFK, served as chapter president and grievance officer for the University of Maine System faculty union, fighting many battles with the administration in the interest of faculty rights.

## Leisure Decisions Influencing African American Use of Museums

He is a Fellow of the American Association for the Advancement of Science and is listed in Marquis' Who's Who in America. As long as I don't mind paying my own health insurance, that works fine.

MDS: 061.0

She also directs the NSF and HHMI-funded Wonderwise Project, a national award-winning series of science kits based on the work of women scientists. It also offers a wealth of information and expertise to guide future strategy and practice.

## Leisure Decisions Influencing African American Use of Museums

Church attendance as a function of gender. Her SESAME advisors were Professor Alice Agogino and Professor Marcia Linn.

## CAB Direct

For example, eggplant *Solanum melongena* and okra *Abelmoschus esculentus* were included in the display as examples of plants introduced from Africa. Other work history previous to SESAME, includes two years as the School Services Coordinator at the Coyote Point Environmental Education Museum in San Mateo, CA; a summer as a Program Assistant at the National Science Foundation; and an education fellowship at the Museum of Science in Boston. The family spends a great deal of time outdoors: camping, fishing, mushrooming, collecting fossils, boogey-

boarding, going on wildflower walks and generally exploring.
