[author unknown], Beethoven: The Philosophy of Music

Beethoven now, in 1804, set about a tremendous courtship of the widowed Josephine. Days later she met Count Joseph Deym and married him within weeks.

**Who Was Beethoven's 'Immortal Beloved'?**

Later analysis by Thorne and showed that for certain initial trajectories of the billiard ball, there could actually be an infinite number of self-consistent solutions.

**Causal loop**

A causal loop is a theoretical proposition in which, by means of either or , a sequence of events actions, information, objects, people is among the causes of another event, which is in turn among the causes of the first-mentioned event. While there, in 1810 they became acquainted with Beethoven; Franz swiftly became his friend and patron.

In the Eighth Symphony, there are holes that are left open , questions that remain unanswered, loose ends that are deliberately not tied up. Oh, God, gaze at the beauties of Nature and prepare your mind for the inevitable. I give you the , that despairing document in which Beethoven realises the full magnitude of his hearing loss, written around the time of his thrillingly self-confident Second Symphony.
