At Key Stage 4 age 16 , the assessments were made from the exam.

History of education in England

The 1970 report of the Public Schools Commission chaired by David Donnison recommended that the schools choose between becoming comprehensives and full independence. The Government's strategy for the future of Apprenticeships in England.

State and education in England and Germany : a Sadlerian perspective : end of trilogy on Michael Sadler (Book, 2005) [styleguide.expo.io]

However, selection of academical gifted children to attend grammar school became increasingly in the 1960s. The association proposed that non-denominational schools should be funded from local taxes. Some schools almost all Catholic became fully state-funded, while the majority became independent fee-paying schools.
