Nalty crafted the narrative on aerial combat operations appearing in this book.

Wingate's Raiders

This was the greatest number of infantry units included in the Regular Army until the world wars of the twentieth century. Over toward the Wabash five companies of mounted rangers were organized, to-wit: The companies of Capt.

Wingate's Raiders

They were under orders to stay where they were, whatever the consequences.

After fierce fighting, Mandalay was captured by the Allies, its massive stone fort destroyed in a devastating exhibition of air power. Some trades unionists adopted a shameless view that there was no better time to secure higher pay than during a national emergency, when the need for continuous production was compelling.

Age of Empires II: The Conquerors

The 14th Indian Division launched a series of attacks against the Japanese at Akyab but after six weeks they had to pull back as a result of a Japanese counter-attack.

Greatest Directors

Despite this setback, Foulois's campaign led the Army to establish a General Headquarters, Air Force element that was a substitute for the autonomy the airmen wanted and the last major reorganization for air elements until the initiation of the Army Air Forces five years later. It went on: "Though I have to strive with dictators, I am not a dictator myself."
