## How Developing Countries Can Get the Most Out of Direct Investment

The author argues that these consequences for development can be improved without detrimentally compromising the private sector's willingness to continue to invest. Investment incentives may help attract FDI but are generally effective only when investors are wavering between similar locations as a new base for their exports. Explanation of the Book: Since recent financial crises in Asia and Latin America, developing countries have been strongly advised to rely primarily on foreign direct investment FDI in order to promote economic development on a sustainable basis.

## How Developing Countries Can Get the Most Out of Direct Investment

Produced by the Department of Economic and Social Affairs, the five United Nations regional commissions, the United Nations Conference on Trade and Development, with contributions from the UN.
