The Greatest Science Fiction Novels of the 20th Century

Beautiful and powerful moments populate the pages.

Twentieth

So Neuromancer shaped our entire vision of technology — and posited a digital future that is uncannily relevant today. John, the sensitive young man who grew up on a New Mexico reservation away from the highly controlled future society, commits suicide at the end of Brave New World.

Twentieth Century Science Fiction Writers: Smith, Curtis S.: 9780312824204: styleguide.expo.io: Books

Heinlein is one of the foremost names in the history of science fiction and Stranger in a Strange Land is perhaps his quintessential work. Readers interested in an escapist story with a nice plot — whether driven by character or action — should look elsewhere. I've never been fond of public speaking.

TWENTIETH

I certainly see the works of H. I was primarily venting my frustration at the challenge of locating worthwhile sci-fi reading material.
