The exhibition also included many of Ernst's frottage and grattage works, begun in 1925. More important, however, were his Dada and , such as Here Everything Is Still Floating 1920 , a startlingly illogical made from cutout photographs of insects, fish, and anatomical drawings ingeniously arranged to suggest the multiple identity of the things depicted. Legacy Max Ernst achieved a rare feat in the life of an artist, which is to establish a glowing reputation and critical following in three countries Germany, France, and the United States in the span of his career.

The Dadaistic Life of Max Ernst

Contemplating the accidental patterns and textures resulting from these techniques, he allowed free association to suggest images he subsequently used in a series of drawings Histoire naturelle, 1926 and in many paintings, such as The Great Forest 1927 and The Temptation of St. Career Max Ernst art career was curtailed due to the World War I by serving in both the Western and Eastern front in the war.

Max Ernst did several works at the time but his painting, *The Virgin Chastises the infant Jesus before Three Witnesses*: André Breton, Paul Éluard, and the Painter in 1926 generated lots of controversies. This is surprising because the surrealist's public stance included a fairly firm rejection of bourgeois rationalist traditions. The nightingale is how death first manifested itself to the young Ernst.

Max Ernst Paintings, Prints & Artwork

He had only nine doctoral students altogether, but his Berlin lectures on all branches of theoretical physics went through many editions and exerted great influence. Moreover, Ernst was particularly closely tied to Paul Eluard a poet, who was one of the founders of Surrealism as a movement, and lived with Eluard and his wife for a time in a ménage à trois. One of these compositions is *Here everything is still floating 1920*, a startlingly illogical composition made of cutout photographs of insects, fish and anatomical drawings ingeniously arranged to suggest the multiple identities of the things represented.
