### Decision Making in Management

Decision making is an intellectual activity, because it calls for both judgement and imagination to select one from among many alternatives. In control, it will have to decide how the standard is to be laid down, how the deviations from the standard are to be rectified, how the principles are to be established how instructions are to be issued, and so on. Before we can move too much further, you need to decide how important each

factor is to your decision in step 3.
