OCLC Classify

ISSN An ISSN is a standardized international code which allows the identification of a serial publication.

OCLC Classify

OCLC does not sell books and the actual content is not provided in our database.

OCLC Classify

The database is searchable by many of the standard numbers associated with books, magazines, journals, and music and video recordings.

OCLC Classify

Hyphens or spaces usually separate the elements of the number on the item.

OCLC Classify

The classification numbers applied to books and other materials are used to arrange items on shelves and to support browsing, filtering and retrieval of bibliographic information in online systems. Each ISBN is a 10 or 13 digit number.

OCLC Classify

Libraries add bibliographic records to WorldCat representing books and other items in their collections. Enter all digits found on the item e.

OCLC Classify

FAST headings provide additional subject information about a work and enable you to search the Classify database by subject. Enter an OCLC number without leading zeros.

OCLC Classify

ISBN An ISBN is a unique number assigned to an item by its publisher. The Classify prototype helps librarians apply classification numbers to resources in library collections.
