But how could such devices have been of any use to a people who not only never cared for national glory and power at the cost of any of their neighbours, but who fully realised also the cruelty and the crime, the immorality and the sin of war for national selfishness? We find diva and Parvati not only together in their stone-images but embracing each other in a manner indicating the great warmth of conjugal felicity and in the copperplate inscriptions of the 12th and 13th centuries, the preliminary verses to these Deities describe their positions when inspired by the deep and felicitous joy of union. The tales supply us with very little geographical data about the lands visited by the Indian sailors.
