A Theological Critique of Scorsese's *The Last Temptation of Christ*

We strive to make it clear in this volume that the Christian tradition encourages, rather than inhibits, the pursuit of epistemological questions.

The Oxford Handbook of the Epistemology of Theology

All should be evident either 1 immediately, as in the case e. Time and space, according to Kant, are pure intuitions of our sensibility, and concepts of physics such as causality or inertia are pure intuitions of our faculty of understanding.

Historical notes on the idea of secular criticism

To those dying in godforsakenness, they are without hope unless God truly suffers himself.

Theology, theory, training, and

The phenomena is the world as it appears on the noumena the world as it is, without a viewer. This objection is sometimes made by people who have adopted from our culture the belief that we cannot make universally true conclusions about anything— This skepticism is especially common in universities where, if systematic theology is studied at all, it only utilizes philosophical theology and historical theology. We need only ask ourselves what chance man would have had of survival if his thought and speech had borne no relation to the facts of the world around him.

Theology, theory, training, and

New York: Robert Appleton Company, 1912.

Introduction: The Epistemology of Theology

At the heart of prayer for Williams is contemplation: the realisation that God will never be definitively defined, there is always more of this person to know, so shutting up is always a valuable exercise.

Theology and meaning: a critique of metatheological scepticism : Heimbeck, Raeburne Seeley : Free Download, Borrow, and Streaming : Internet Archive

Rather, it is an attempt to act consistently, even faithfully in a complex world. The alterations, however, in the metaphysical position of the Academics had little effect on their ethical teaching, as, even during the period of Scepticism, they appear to have presented as probable the same general view of human good which Antiochus afterwards dogmatically announced as a revival of the common doctrine of Plato and Aristotle.
