knowledge.

Meditation : man

Everyone is one with God, but the real spiritual Master has established his conscious oneness with God.

101 Meditation Techniques by Sri Ch

The ordinary human consciousness will only connect us with something very, very limited and, at the same time, very fleeting. The so-called peace that we feel in our day-to-day life is five minutes of peace after ten hours of anxiety, worry and frustration. Others will definitely be inspired By the result.

Meditation : Man

Each time you breathe in, try to feel that you are bringing infinite peace into your body. Considering that you have far more control and understanding of yourself than you do of others, which approach do you think is the most effective use of your time and energy? Next to meditation is music, soulful music, the music that stirs and elevates our aspiring consciousness.

Step 3: Meditating in the Spiritual Heart

When the teacher gives you the examination paper today, please don't feel that tomorrow again he will give you the same examination. Do you want to change the world? Suppose you prefer a rose. Immortality is the homeland of the soul.

Meditation: Man

Repeat this phrase 7 times out loud, and then in silence. But you can get infinitely more if you meditate in the heart. It is a power that easily transcends all our worldly
