## Indonesian Social Evolution: Some Psychological Considerations

The Dutch founded the Batavia Society for the Arts and Sciences in 1778, which established the National Museum that continues to display artifacts of the national culture. Rituals of traditional belief systems mark life-cycle events or involve propitiation for particular occasions and are led by shamans, spirit mediums, or prayer masters male or female. In the popular mind, the concepts of evolution justified the exploitation by the 'superior races' of 'lesser breeds without the law.

## Social Psychology and Influences on Behavior

While the middle-class population has continued to grow, the extent of wealth inequality in the country has also increased. Of course, it depends on the quality of the relationships: if you are stuck with people who create tensions for you, it can be problematic. Are there genetic vulnerabilities for depression across cultures? The Domestication of Desire: Women, Wealth, and Modernity in Java , 1998.

## Human Behavioral Ecology

Moreover, the extent to which symptoms are recognized as pathology vs. People in Indonesia gain the status of full adults through marriage and parenthood. Savingface—the ability to preserve the public appearance of the patient and family for the sake of community propriety—is extremely important to most Asian groups.

## Herbert Spencer's Theory of Social Evolution (Explained with Diagram)

Steamships altered some trade patterns, but the region's strategic location between East and South Asia and the Middle East remains. Such reportage disguises the potential for the creation of a more robust relationship that exists beyond the rocky diplomatic relationship. Each of the above mechanisms is relevant to variation in violent crime.
