## 24 landmarks of europe

A booted foot, half- turned to the right and covered with drapery. Marcocci also discusses how the local population produced forgeries of important idols for the colonists to destroy in order to preserve their own connections to their past.

## Publications Based on Research at the ASCSA Archives

The use of the rooms is yet unknown.

## List of works designed with the golden ratio

The so-called are an example of this. Longman, Orme, Brown, Green and Longmans. We also looked at further evidence for the employment of Ionian artists in the Ancient Near east, in particular Asia Minor, like at Xanthos in Lycia.

## List of works designed with the golden ratio

Thanks for listening and see you next time on the SCARABsolutions Ancient Art Podcast. The private collection of such pictures is also subject to self-censorship. Both these last two figures are trying to hold back the cow.

## Publications Based on Research at the ASCSA Archives

The middle part of a slab, with plane surface at the left, shewing the right arm and drapery of a magistrate on the pre- ceding slab on the left, and parts of four other magistrates and two women.
