We specialize in multi-use storage buildings and will custom build a variety of designs and sizes to meet your needs.

Hammond, La

They have a 150-mile wind rating, treated wood to resist termites and decay as well as 2×6 floor joists instead of 2×4 for added strength and durability. Thibodaux LA are great for storing your yard and garden equipment! Whether your looking for a new storage building, shed, workshop or we have you covered at Thibodaux LA Sheds! With the building finished inside and now air conditioning, power and network run to it, the shed serves as my work-from-home office and serves the purpose perfectly! As it is all visible in this image, you will view the textured beauty impact in your counter table work. Crazy how low the the Rent to Own note is on my new shed.

Rent to Own Sheds in Opelousas

Hot-dipped, galvanized steel is painted with primer and given a tough oven-baked silicone polyester top coat, to provide the most rust-resistant steel door available.

Rent to Own Sheds in Opelousas

Built using the highest quality materials and with the hands of skilled Mennonite craftsmen, these structures are the best around. They can help you organize that messy garage or just store your junk! You do have the idea of arranging the wood pallet for designing of the counter table.
