101 Generation

As they get older, we can play games, do puzzles, make crafts, go to playgrounds, or just explore around the yard. See this to jog your memory.

Author embodies her own description of the new.

40 Grandmother & Granddaughter Date Ideas ★ Sugar, Spice and Glitter

Tell your grandchild who your hero is and why you respect him or her. For the healthy option make smoothies by blending together lots of different fruits — a good alternative to milkshakes. Here, kids become the teachers and can show you what they like and how they do things.

What to Do About Uninvolved Grandparents

You also might be sharing where the recipe came from, and how your mother or grandmother used to make it.
