## Notable Books of 1998

Annie was ten when, because she was Jewish and in great danger of being captured by the invaders, she and her sister Sini had to leave their father, mother, and older sister Rachel to go into hiding in the upstairs room of a remote farmhouse. Despite his determination and stubborn resourcefulness - he tried crossing the river with boats and ropes and even on stepping-stones - Abel can't find a way to get back home.

## Past Notable Children's Books lists

This graphic novel intertwines the history of basketball with the triumphs and tribulations of the athletes on the champion team at the high school where Yang teaches. I read it in one day.

## ALA Notable lists

All summer, Jess pushed himself to be the fastest boy in the fifth grade, and when the year's first school-yard race was run, he was going to win.

## Notable Children's Books, 1940

The next day, the friends secretly hide something for the other to find.

## Rebel Girls Lead Book Celebrates Women Trailblazers

A gleeful fiction that plays the spirit-filled world of South American Indians against the rationalist world of exploiting, "civilizing" Europeans. Three dozen fine stories, warm and cool at once, from 25 years of writing about men and women for whom domestic rupture occurs quietly, ordinarily and inevitably. This middle grade novel is an excellent choice for tween readers in grades 5 to 6, especially during homeschooling.
