### British Railways

The majority of pages are undamaged with some creasing or tearing, and pencil underlining of text, but this is minimal. There was an interesting batch of articulated triplets made in 1938 but these do not seem to have been very popular. Like , follow on Twitter to stay informed and join in the conversation.

### British Railways Past And Present: Swindon To Bristol By Both Routes

British Railways Past and Present No 69 Swindon to Bristol by both routes by John Stretton and Tim Maddockswill be published later this year.

### Cornwall (No. 17) (British Railways Past & Prese... by Mitchell, David Paperback 9781858950013

As the licensing laws of the time prevented a pub from closing down during rebuilding, the new hotel was built in two parts. In 1922 There were seven departures Monday to Friday, with four extra on Saturdays. Contains photographs of the same railway location separated in time by just a few years, or maybe a century or more.

### British Railways Past and Present Central Gloucestershire by John Stretton

The first indication of changing ideas were some very handsome corridor vehicles in 1927. Although the traditional four on each side seating was retained, the compartments were no less than 6 ft 6 in between partitions. Silver Link attained a record speed of 112mph on the inaugural service on September 29, 1935.
