Meet the Vikings primary resource

Join the National Geographic Kids gang as we learn to live like a Scandinavian sea-warrior, in our ten fierce facts about the Vikings... Viking facts 1.

10 facts about the Vikings

Use our activities to step back to 876AD! Victorian-era scholars accepted the sagas, with their graphic depictions of the deeds of both powerful rulers and ordinary people, as fact. They travelled from Denmark, Norway and Sweden to countries like Britain and Ireland to fight, or settle new land for farming.

The History of the Vikings' Innovations

This was a person who was a good poet and storyteller and spent most of his time, entertaining the people with his stories about heroes and villains.

Viking homeschool! Free printables, crafts, lesson plans and more

Ask a parent or guardian to help you if you're stuck! Fenrir Grayback, the werewolf in the Harry Potter books, was named after a ferocious giant wolf from ancient Viking mythology. We can, for instance, read about the running competition between Logi and the child Thjalfi.

What did the Vikings do for fun? The answer might surprise you

Just like today, life in the Viking age was not just all about work. Let us know what you loved about them in a comment, below! One of these board games that was played in the Viking age was , which dates back about 1500 years. Those who stayed away from seafaring robbery to work from home supported their families by simple farming activities.

BBC

The teaching resource can be used in study group tasks for exploring Viking clothing and social roles, as a printed handout for each pupil to review and annotate, or for display on the interactive whiteboard using the illustrations and short snippets of information included in the resource for class discussion.

BBC

Their daily life might have been tough and demanding, but it was not without joy. The swiftness of the Viking ships is key to understanding how these warriors could gain such a sudden and surprising momentum.

The History of the Vikings' Innovations

In general, overlapping planks of oak were nailed together and protected by layers of tarred wool and sometimes animal hair.
