It was difficult to employ the language of his detractors, not only because Uncle Sam had used it, but also because it was aimed at a Communist. When the dissidents of the mid-1960s came out onto city squares, they had no plans to discuss art ; they carried purely political slogans. To return them would have been an unthinkable affront to Western leftist intellectuals and an imprudent one at that, given the crisis-ridden situation in Western Communist parties after the 20th Party Congress.
