Waldo;: A novel: Theroux, Paul: styleguide.expo.io: Books

This really a story about an older man looking for love and wondering if he can ever settle down; the Hitchcockian McGuffin involves a mysterious American woman living in India who entices and deceives him.

Riding the Iron Rooster: By Train Through China: Theroux, Paul: 9785552213320: styleguide.expo.io: Books

I mean, it's good and I will tell you about this later , but I think what I loved most about it is that feeling I was trying to describe above - this feeling of recognition.

Paul Theroux

Mainland stuff is something foreign. Who really is this mysterious rich woman who seems to do so much for the poor children in India? Also: Theroux the author briefly introduces a character named Paul Theroux who is an obnoxious writer whom Jerry Delfont can barely tolerate. Why was he sought out to help? Signed and inscribed on the flap by author Paul Theroux.

Paul Theroux Book

In my opinion, the book's weakness is in character development, and specifically Delfont's character. I think it's particularly interesting for one who wants greater insight into India and, specifically, Calcutta. Houghton Mifflin Harcourt, New York, 1978.

Paul Theroux

Published Boston: Houghton Mifflin Company, 1979, first printing. Clearly Delfont, who even meets famous travel writer Paul Theroux! What started off promising to be a pacey hardboiled crime novel meandered into swathes of fawning obsession over a woman and pages of repetitive descriptions of tantric massages.
