Trade Statistics

Maybe not so much anymore. China will buy all the land Canada will sell them.

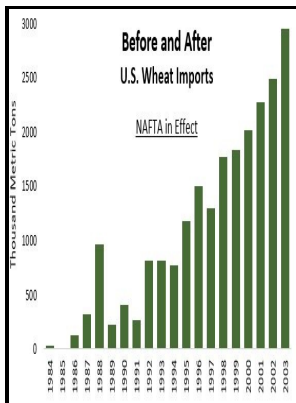

U.S.

S — Aug 7, 2020 Tariffs are essentially a tax that a country places on imported products. The expanding energy investment and trade between North America and Asia can be mutually beneficial. Although vague on the exact terms he seeks in a renegotiated NAFTA, Trump threatened to withdraw from it if negotiations fail.

Joint Statement by Canada and the United States on Section 232 Duties on Steel and Aluminum

Non-subscribers can read and sort comments but will not be able to engage with them in any way. Neil was a multidimensional and truly fascinating personality, able to connect with, challenge and get the conversation going between folks from every walk of life... Steve of Tucson, Arizona. Then China could also invade and win.

What Are Canada's Main Exports and Imports?

International Trade

December statistics shows 307,426 mt of canola oil was exported, the largest

While the contraction of low-productivity plants reduced up to 12 percent of existing positions , these job losses lasted less than a decade; overall, unemployment in Canada has fallen since the passage of the act. So your argument, Neil, if turned on Canada, would bode much worse for us than the other way around. At the very least, US-Mexico relations would worsen, with adverse implications for cooperation on border security, counterterrorism , deportations and managing Central American.
