Customers and Patrons of the Mad

Religion, Madness, and the Case Book 7.

Books Received on JSTOR

For the social historian, the OP riots reopen the question of whether, as early studies have argued, such collective action and disturbances of the peace were a manifestation of class conflict. Key themes include cultural comparisons of mental health disorders; cultural sociology of mental illness around the world; economics; epidemiology; mental health practitioners; non-drug treatments; patient, the psychiatry, and psychology; psychiatry and space; psychopharmacology; public policy; social history; and sociology by Émile Durkheim Book 27 editions published between 1983 and 2013 in English and held by 841 WorldCat member libraries worldwide The editors, both world-renowned Durkheim scholars, provide a comprehensive analysis of the intellectual significance and distinctiveness of Durkheim's work on the subject.
