During this time, she developed close bonds with other musicians such as the singers Pauline Viardot and Jenny Lin, violinist Joseph Joachim, composers Felix and. Still, she cannot by any reasonable measure be ranked as a major composer, owing in great part to her relatively small output. She earned most of the money in the Schumann household which was extremely unusual for the time.

### Clara Schumann: 10 Interesting Clara Schumann Facts

Johannes Brahms at twenty looked nothing like the familiar image discussed above. The series takes place at the end of February and includes her complete published Lieder, chamber music and works that she inspired.

### Clara Schumann

She was a legend: one of the greatest pianists in the world. Her father made her practise for two hours a day alongside her daily piano, violin, singing, theory, harmony, composition and counterpoint lessons. Fortunately, after years of pining for each other, the two got married in 1840.
