the conference program

Published in: NANOSTRUCTURED MATERIALS AND COATINGS FOR BIOMEDICAL AND SENSOR APPLICATIONS, 102 pp. .

Dr Chris Boothroyd: Publications

The results are reproducible and had a quick response of around 0. User practice varies about this same challenge and is usually unrelated to the recommendations by the slurry manufacturers or other industry experts; after all, the slurry is expensive and most users do not like to discard the last 20 or 30 liters.
