MedPage Today

Although the President is not required.

Evan Bayh

Although Illinois had the largest percentage of inmates who were age 55 and over in 2011 among neighboring states, this percentage experienced the smallest increase from 2007.

Keeping the lid on: a century of drug regulation and control

That number has been slowly decreasing since 2008, but as of 2014 there were still over 2 million people incarcerated in prisons and jails across the country. However, as Figure 29 also shows, in constant dollars, the gains have barely lifted the program above the levels of the early 1990s.

Pharmaceutical Controls: A Prescription for Disaster

. NARD's experience has been that drug manufacturers and whole- salers are keenly aware of the requirements of the Robinson-Patman Act, which has engendered, in large measure, compliance with the act. Center for Biologics Evaluation and Research.
