Our People

Munyi examines the motivations for some African states' growing preference for Chinese arms with a particular focus on case studies conducted in Uganda and Kenya. Henry Tugendhat observed classroom trainings, interviewed trainees and reviewed publicly available course content. In this policy brief, the authors explore what is known about the legal aspects of Chinese lending, including the waiver of sovereign immunity and the consequences thereof, and provide policy recommendations.

Guest posts We welcome guest posts. Later in the summer, a military mutiny that escalated into a coup ousted Malian President Ibrahim Boubacar Keita on August 18, further changing the already complex political landscape in Mali. While some scholars claim that Chinese enterprises have achieved significant localization, others hold that the Chinese tend to live isolated from local society and leave open the reasons for this trend, allowing that ethnocentricity may be a cause.
