## **The Diviners (The Diviners, #1) by Libba Bray**

An absolutely terrific read and, thankfully, the first in a planned series.

### **Diviners**

The building smelled of dust and age.

### **Diviners' Oak**

Excerpts are provided by Dial-A-Book Inc. Evie settled into her compartment.

### **Diviner's Intricate Gossamer Insignia**

I just about died of happiness when I first heard of this book.

### **25 Bible verses about Divination**

The one edge is rounded while the other is flat; the two are mirror images. There were a lot of characters, but I found they were all properly fleshed-out and had detailed backstories that made them understandable and believable. .

### **Diviner's Intricate Gossamer Insignia**

Her drinking had been mentioned several times, along with the unfortunate frolic in the town fountain. You might get goofy for me. You see, Evie has special powers— she can tell your secrets simply by holding an object dear to you and concentrating on it.
