I am very much aware of it in my own electorate, with Mākara and Quartz Hill.

## THE NEW ZEALAND OFFICIAL YEAR

It's one of the most fucked up things I've ever seen. If a 30 percent increase in carbon dioxide has resulted in the planet experiencing, since 1990, the 10 warmest years on record—June, July, and August 2003 being the hottest months in Western and Central Europe, and the UK alone experiencing for the first time temperatures in excess of 100 degrees Fahrenheit—then one does not have to be terribly imaginative to work out that something like a doubling in carbon dioxide levels in this century will present unimaginable consequences. He has written over 25 books on Law.
