A Treasury of Poems for Children

He lives on Martha's Vineyard and in New York City with his wife, Laurie Krasny Brown. Consideration of Instructional Application: With nervous rhymes and bodily motions compiled into this book, there are many fun and interactive activities can be done with this book. Brown created all new illustrations for this work, but alas, some are only slightly re-imagined from his previous collections.

A Treasury of Nursery Rhymes and Poems

The afterword gives an explanation of how this unique look was achieved, and the book does include a table of contents. Parents, grandparents, teachers and librarians will surely appreciate having these favorites in one treasury, but an additional spark would have been welcome.

A Treasury of Poems for Children

Response to Two Professional Reviews: This book is rated very positively by both reviewers and praises both the familiarity of the rhymes and the illustrations and movements that correspond with the text. Beside each line of each rhyme, there is a small, square box demonstrating the motions associated with that line.

A Treasury of Nursery Rhymes and Poems

The reason I give it 4 stars is because I really do wish that it would have included more diverse poets other than those from Europe and America. Small boxed line drawings match up with each line of text, suggesting interactive motions. May contain limited notes, underlining or highlighting that does affect the text.

styleguide.expo.io: Treasury of Great Poems: An Inspiring Collection of the Best

Compiled from Brown's previous collections Finger Rhymes, 1980; Hand Rhymes, 1985, etc. This is a lovely book that would make a great gift for age 0-3 years. It taught me a lot and gave me a grasp for poetry that allowed me to develop a better sense of understanding poems.

styleguide.expo.io: Marc Brown's Playtime Rhymes: A Treasury for Families to Learn and Play Together (9780316207355): Brown, Marc: Books

Even though it is good to have familiar nursery rhymes, I would have preferred to have some new versions of classic nursery rhymes or completely new rhymes for children and adults to learn together. I also read some beautiful poems that I've never read before! Children will love this movement-centered book with their families and friends while also enjoying the vibrant illustrations along the way.

A Treasury of Nursery Rhymes and Poems

Other than that, both reviewers hit on the active signals located to the left of each line that allows the audience to become more engaged with the book and to interact with it on another level. As one unfamiliar with poetry this book was a fantastic intro. Each poem is accompanied by a colorful illustration as well as a small, clear diagram of finger or body movements for each line of the poem.

styleguide.expo.io: Treasury of Playtime Poems (9780824984854): Crouch, Robin G. J.: Books

Each rhyme appears on one or two double-page spreads, illustrated with large, softly colored pictures. This book is an amazing collection of poems! The verses, make me feel that something is here, in my heart. This is a certainly a good thing for any parent of young children looking to jump start their playtime by inserting a few extra learning moments into their daily routine.
