Consumers' cooperative

India is rightly called the homeland of sugar.

**The water footprint of cotton consumption: An assessment of the impact of worldwide consumption of cotton products on the water resources in the cotton producing countries**

This value is particularly pertinent to decision-making and governance of the collective requiring that each person in that collective has a reasonable opportunity to participate in that decision-making and governance. These benefits are expected to continue in the post-MDG era. There are 180,000 small food vendors in Nairobi alone.

**MANAGE**

The national target via the National Plan for Organic Farming is to attain, by 2021, 1.
