Lessons of the Collins Submarine Program for Improved Oversight of Defence Procurement

At some stage of the design, a larger sonar array was apparently thought more important than maintaining the smooth flow of water around the bow. When Request for Tender RFT documents were issued to industry in May 1983, the requirements for the new submarine emphasised tried and proven designs.

Home Ownership on Indigenous Land Program

In general it can be stated the more severe a potential military problem is likely to be, then the less likely it is to arise.

Home Ownership on Indigenous Land Program

Kelda proposed that the mutual should take over all the debts, and be subject to the regulator. However, in at least two instances - the purchase of additional F-111 aircraft and the communications project at Geraldton - budget supplementation has been for traditionally military purposes.

Should the Defence Budget be Cut? Arguments For and Against

Mean, mode and median have at times differed significantly, by up to half a percentage point in August 1997.

Lessons of the Collins Submarine Program for Improved Oversight of Defence Procurement

It should not be assumed, however, that either case represents in detail the personal views of the authors. Collectively, they listed 958 documents on their disclosure logs and counted 59,738 page views. Some of the dividends were recycled back to the regulated business in the form of interest-bearing debt to make up the shortfall between the amount needed for capital expenditure and cash available after paying dividends to the parent company.

Should the Defence Budget be Cut? Arguments For and Against

In the 1995-96 Budget it was foreshadowed that the internal re-direction of funds within the Defence Budget would result in real outlays on defence equipment growing between then and 1998-99 at a rate deduced to be slightly less than four per cent per annum. At around the 1510 tonnes surfaced it is also typical of the size of most of the early responses. The most effective way to reduce the consequences of poor Defence procurement lies in much earlier intervention by policymakers in the development of defence equipment projects.
