## 📖 Books by John Milton

Samuel Hartlib, to whom the following letter was addressed, was the son of a Polish merchant of German descent and an English mother. It says much for the poet that he was sustained through this period of study, pursued ohne Hast, ohne Rast, by the full consciousness that all would be crowned by a masterpiece which should add one more testimony to the belief in that God who ordains the fates of men. But it may fairly be assumed that Milton the scholar and poet, who chose to spend seven years at Cambridge, owed to her more than Milton the fierce controversialist admitted or knew.

On his return from Italy he had undertaken the training of his nephews. But to return to our own institute, besides these constant exercises at home, there is another opportunity of gaining experience to be won from pleasure itself abroad; in those vernal seasons of the year, when the air is calm and pleasant, it were an injury and sullenness against nature not to go out, and see her riches, and partake in her rejoicing with heaven and earth. He lacks the large-heartedness, the genial, generous breadth of Shakespeare; the sympathy and sense of the lacrimæ rerum that even in Troilus and Cressida or Timon of Athens are there for those who have eyes wherewith to see them.

Its immediate outcome was the pamphlets on divorce. Nor are the arts neglected, for poetry and music are given their place both as recreation and as influences on character. It was natural that he should seek inspiration in the land where many English poets, from Chaucer to Shelley, have found it.

## 📖 Books by John Milton

In the spring of the next year Milton started for Italy. And how all this may be done between twelve, and one and twenty, less time than is now

bestowed in pure trifling at grammar and sophistry, is to be thus ordered.

They were published by Edward Phillips together with his memoir of Milton, 1694 Sonnet xvii. And, as I hear, you have obtained the same repute with men of most approved wisdom, and some of highest authority among us.

And, as I hear, you have obtained the same repute with men of most approved wisdom, and some of highest authority among us. The author of *Lycidas* could once more become a poet.
