## About

Bignor is most famous for the Roman Villa, which lies on the slopes outside the village. For additional information, see the Global Shipping Programme. All the mosaics at Bignor, in all probability, were constructed in the late third century AD, or early fourth century AD.

## Romans in Britain

The villa contains a series of fine mosaics protected by a series of thatched buildings.

Most dramatic of all, however, was the restoration of part of the glass roof.

## Angmering History

This room had contained a hypocaust. The figure wears an expensive, British, hooded cloak well recognised in the third century AD.

## Bignor, West Sussex

Underneath one of the white legs which help to support the model a circular setting of black tesserae can be noticed. Protruding in a lively fashion from the head, are fourteen snakes. Visit the top-notch restaurants or lively bars in this quaint area.
