Plausibility Factor: The awesome factor for Starbursts is high. Warning: Tons of spoilers follow.

The mechanics of wonder : the creation of the idea of science fiction

Hitchhiker's author Douglas Adams is a little vague as to whether this is a propulsion or teleportation system, but, then again, quantum mechanics is a little vague, too. May not include supplemental items like discs, access codes, dust jacket, etc.

So the jumping vessel, the TARDIS, didn't just set you down somewhere—it set you down somewhen. In this world, then, the designated driver is the one who's the highest. Plausibility Factor: The science seems suspect, but major points for adding in all the difficulty of upkeep.

Amazing Stories

Though after March 2005 Amazing ceased publication, after several abortive attempts at relaunching, the trademark remains alive, and the magazine may yet revive online.

NARRATIVIUM AND LIES

Indeed, the Cylons—being machines—had better computers and therefore could get the jump, if you will, on the Colonials. If it took place in an Earth-set adventure series, it would be just as powerful. With plants that glow in the dark, plumed rhinoceri, eight-legged horses, and some insanely fierce panther-like creatures, it comes alive in an incredibly imaginative and captivating way.

However, wormholes are plentiful in sci-fi, so they deserve their nod. But if I'm gonna wimp out and travel this way, I'm ignoring everything from the titular Stargates to the Taelonian Portals of Earth: Final Conflict and going to take a boom tube. Any rescue he devised seemed improbable, so he therefore decided to pick the most improbable.
