Olivier, Luitenant Lippenstraat 43, bus 14, 2200 Antwerpen. Marine Fisheries Review, 48 2 :1-36. Descriptive terminology follows that used by Holthuis 1991.

Les Crustacés récoltés par d'Orbigny en Amérique du Sud et déposés au Muséum national d'histoire naturelle, Paris

Adema 1997 Type-catalogue of the Decapod Crustacea in the collections of the Nationaal Natuurhistorisch Museum, with appendices of pre-1900 collectors and material Vol. Hyperidae-Amphipoda 3: Lycoeopsidae, Pronoidae, Lycoeidae, Brachyscelidae, Oxycephalidae, Parascelidae, Platyscelidae.

On the type material of *Scyllarides deceptor* Holthuis, 1963 (Crustacea: Decapoda: Scyllaridae)

On a new species of the shrimp genus *Athanas* Leach, 1814 Crustacea, Decapoda, Alpheidae from Iran. Studies on the Biology of the Crayfish *Cambarus propinquus*. In the presence of *Paramecium*, minute alga, Cladocera and Copepoda all first instar larvae of *Hygrobia* died.

taxo4254

Bulgaria is mentioned in Peck 1988. Crustaceana, 48 2 : 209-217, fig.

Fiddler Crab Publications

Krabben van de zuidelijke Noordzee I.

Charles Fransen

Labium mit Palpi labiales vorhanden Abb. De artikelen moeten op toegankelijke wijze in het Nederlands met Engelse samenvatting of Engels maximaal 20%, met Nederlandse samenvatting worden geschreven. The occurrence of mainly third and second instar larvae of Chironomidae while also fourth instar larvae were consumed could simply be a matter of seasonality or an indication of preference for these prey by Hygrobia.
