His great gifts of feeling and imagination have led him to the expression of creations in verse possessing all the qualities of true poetry. Long before his death by suicide in 1948, long before the artist himself had created anything like a style of his own out of the precedents of modern French painting, whose votary he remained to the end, Gorky figured as an influential presence on the New York scene, and his legend still pervades the discussion and gossip and now the art-historical studies of the good old days when everyone was poor and serious, and painting at full strength. But such response cannot be manufactured, even by the most adroit propaganda.
