Control of air pollution from the burning of insulated copper wire. RATSEC TR A58-9, US PHS, Cincinnati, Ohio, 1958. Methods: During four years, 40 patients with endoscopically proven GERD were followed in office.

INFLAMMATORY BOWEL DISEASE

Landreneau RJ, Clarke MR, Borochovit D. Introduction Photobiomodulation PBM as it is known today the beneficial health benefits of light therapy had been known for some time before , was accidently discovered in 1967, when Endre Mester from Hungary attempted to repeat an experiment recently published by McGuff in Boston, USA. Not only that it was comparable to the group of patient who had chronic maintenance therapy with PPI.
