Moreover, a sample of each group was examined under electron microscope. Yet as archaeological finds multiply, it becomes increasingly evident that the centrality and cultural unity which are the essence of the traditional model are nowhere to be seen in the archaeological record of the time of the Anyang kings. New York: Holt, Rinehart and Winston, 1957.

Qi Shu

Attiret, Jean Denis, and Sir Harry Beaumont. The people lived in lineage units regularly laid out in villages.

Shu

There were, of course, Ming and even Song and Yuan predecessors to the Qing scholars who recognized that the sounds of the language had changed over time and that this was an important consideration in the study of early texts, but the philological enterprise came to fruition in an extended way only in the Qing. Things Japanese; being notes on various subjects connected with Japan for the use of travellers and others. © 2017 Wiley Periodicals, Inc.
