## In The Amazon, Indigenous People Fight To Preserve Way Of Life Amid Intrusive Construction

Castro, The Last Agricultural Frontier in Amazonia: Impacts on Landscapes and Smallholders Gainesville, FL: University of Florida, Geography Dissertation, 2016. Although later, the number of producing miners went down—amongst other reasons, because they were sent away when Nana Resources eventually started a mining operation on part of the concession—the subletting system continues to be an important part of the local organisation of the mining business.

## Endangered Amazon: An Indigenous Tribe Fights Back Against Hydropower Development in the Tapajós Valley

Although the Mundurucu Tribe has squeezed out an important victory for cultural and biodiversity conservation, this could evaporate overnight.

An arrow indicates a relation, which means that the starting point has an influence on the endpoint. The Agency for Technological Development of the Brazilian Mineral Industry ADIMB, estimates the amount of illegal mined gold to be 30 t per year. To address this tradeoff, this paper analyzed the social aspects and their possible relations by conducting a case study based on a Social Life Cycle Assessment SLCA.
