## Questia

Her signature intensity is on display in this tale of people and dragons struggling to survive in the ruins of an alien conquest. Finally, the Additional Selections at the end of every sub-division, and succeeding the preliminary and supplementary pages, are for the most part chronologically ordered as concerns any specific group of poems. One or two Canadian poets, whose residence and service are now on this side of the border, are justly in such favor that I would seek to represent them here were not their songs and ballads already a choice portion of a Colonial division in the British compilation.

## Questia

These were discussed in commentaries that differ very little from what they would be if written now, though after this farther lapse of time I might not enter upon such judgments with the glow and interest of the earlier years, when those hoar and laurelled heads still shone benignantly above us.

## The Death of Minnehaha

Discover their secrets, heartaches, and regrets; sympathize with their guilt, anger, and sorrow; mourn with those the dead left behind; wander through the history these individuals made through their actions. Carroll shows us how the Win Forever philosophy really works, both in NCAA Division I competition and in the NFL. To end this retrospect, it may be said that the imaginative faculty, of which both the metrical and the prose inventions alike were termed poetry by the ancients, has not lain dormant in the century's last quarter; although certain conditions, recognized in the opening chapter of Victorian Poets as close at hand, have obtained beyond doubt.

## Questia

Time and his measure of worth may do the rest for him. He has helped troubled kids on the streets of Los Angeles through his foundation A Better LA. Between the free carol of the English lyric, from the Elizabethan to the Victorian, and the noble variations of English blank verse in its every age and vogue, our poets have liberties enow, and will rarely go afield except under suspicion of reinforcing barren invention with a novel garniture.
