Ne pas cÃ©der aux dÃ©sirs du corps. New York Review Books, New York, p.

A Dictionary of Greek and Roman biography and mythology, Moira

From this circumstance we may perhaps infer that originally the Greeks conceived of only one Moira, and that subsequently a consideration of her nature and attributes led to the belief in two, and ultimately in three Moirae; though a distribution of the functions among the three was not strictly observed, for in Ovid, for example ad Liv. Zeus is made of stone; the Fates have no images.

A Dictionary of Greek and Roman biography and mythology, Moira

He is repeatedly offended by the young men's drinking and visits to a house of prostitution, and they find Joseph with the flaming red hair a real case.

A Dictionary of Greek and Roman biography and mythology, Moira

As goddesses of death, they appear together with the Keres Hes. Die Geschichte der griechischen Religion.

Read Moira: Roman PDF

In that book Green's own battle was between his deeply felt Christianity and his emerging homosexuality.

Moïra : roman (eBook, 1950) [styleguide.expo.io]

Later in the cosmogony, first came Thesis, whose ineffable nature is unexpressed.
