### Iskolat

The Kronstadt Rising by Kratkov in St Anthony's Papers Number 6 Soviet Affairs Number Two is pretty solid but for military details from the Soviet side I recommend The Role of M. Certain groups took the opportunity to settle differences with each other rather than the government. By far the best history of him I have read is The Makhnovshchina, 1917-1921: ideology, nationalism, and peasant insurgency in early twentieth century Ukraine which is an unpublished PhD thesis by Colin Darch who very kindly provided me with a copy.

### From Socialist Theory to Communist Realpolitik

The policies enacted by this moderate government by 1917 Russian standards represented arguably the most liberal legislation in Europe at the time.

### The Russian Revolution: a brief reading guide

Launags recounted how, while living under Soviet occupation in 1940, he helped to form a secret anti-Soviet resistance group, posing as a communist in hopes of infiltrating the government to moderate its policies.

### Pygmy Wars

Wordings, which are entered by members, can only come from public domain sources. He did so on March on behalf of both himself and his son, the Tsarevich. The remains of the White forces commanded by Pyotr Nikolayevich Wrangel were beaten in Crimea and evacuated in late 1920.

### Lenin's Conception of Socialism

Despite this relatively peaceful history in Latvia before the German invasion on June 22, 1941, the Jews of Latvia nevertheless suffered horribly

during the Nazi occupation, with more than 75% of the almost 100,000 Latvian Jews murdered during the German occupation -- a percentage exceeded only in Lithuania and Poland.
