Motivation, attitude, and language learning

Based on the positive and negative attitude questionnaire, for positive attitude a median of 31 IQR 26—35 and for negative attitude a median of 25 IQR 19—32 were achieved. This may be due to the time period when schools were forced to shut down, i. Hence, the score regarding positive emotions ranged from 8 to 40 and negative emotions from 11 to 55.
