How you determine this depends on what flavor of UNIX you're using. Finally, it strives to use new features as they become available, as long as they are consistent with the rest of the goals.

CS 343 Lectures

Life with qmail нацелен на всех, кто интересуется запуском qmail, начиная с явных новичков newbie, которые только установили Linux на свободный компьютер, и заканчивая опытными системными администраторами. Если вы следовали инструкциям по установке в этом документе, выборочная пересылка была включена по умолчанию. It contains the command lines for many platforms, so copying the file to another name and editing that is quick and easy.

6.4 Using the Qmail mail server
