Democracy in a Global Emergency in: Democratic Theory Volume 7 Issue 2 (2020)

It is true; however, that much of the earlier philosophical political theory has lost its significance.

The Revival of Critical Theory

Newman E 2009 Liberal peacebuilding debates.

The Resurgence Of Political Theory [6 Important Views]

This essay begins by defining peace, democracy and democratization.

Revival Of Democratic Theory By Neal Riemer

We are living in profoundly difficult times, shot through with chronic lines of severe uncertainty.

The Revival of Critical Theory

Moreover, the primacy of economic liberalization, which in many cases precedes democratic reforms is endangering the very democratic element of the peacebuilding process Paris 2004. Scholars, they argue, should now reorient toward group attachments as the foundation of democratic politics. Important questions arise: who constitutes the people and what obligations do individuals have in a democracy? Backsliding refers to the return of a state to authoritarianism after a process of democratization.

Democracy in a Global Emergency in: Democratic Theory Volume 7 Issue 2 (2020)

Tunisia needs help if it is to remain a model for the Arab world. As Danielle Celermajer and Dalia Nassar this issue argue, opportunities for robust political participation should be protected.

Democratic Theory

Nonetheless, in comparison to Afghanistan and Iraq they succeeded in stopping widespread violence.

[PDF] Participatory Democracy Revisited

This introductory article attempts to distil five key lessons from the twenty articles that comprise the issue, also drawing-in other recent literature and our own observations and reflections. Democratization and Peacebuilding Democratization is the process of opening political space within a previously belligerent and authoritarian community.
