## Indigenous navigation and voyaging in the Pacific : a reference guide (Book, 1992) [styleguide.expo.io]

Second, when we were cruising the South Pacific in 1992 we were privileged to meet one of the main characters featured in the book, Hippour, one of the last surviving natural navigators on his home island of Puluwat Atoll, near Truk in Micronesia. The viewer can experience the exceptional opportunity to learn about reading swells from Satawalese master navigator, Mau Pailug, get tips on building a canoe from Satawalese senap master canoe builder, Edward Remoi or even watch extracts of a recent two initiation ceremony for navigators. Resource management and conservation were essential on such islands, since overexploitation could result in damage to or permanent loss of resources.

## Polynesia's Genius Navigators

Lewis is at something of a loss to make sense of this phenomenon, and although I have followed it up, there is not a lot of information out there. When the early European explorers communicated with these seal faring people travelling in their outrigger canoes they refused to believe the distances the native sailors claimed to have traversed. Tutapu won and Tangia left, eventually settling in Rarotonga.

## **Pacific Worlds Curriculum: Lesson 1**

It focuses on commentary and scholarship concerned with the poetry, fiction, and drama written in English by indigenous peoples of the Pacific Islands, New Zealand, and Australia. If you have a true interest in navigation in this age of GPS and electronic chart plotters you will find this a This a special book for me in a couple of ways. Clouds, swells, and other natural signs helped Polynesian helmsmen find their way to islands hundreds of miles away.
