Art of Mesopotamia

New York: The Metropolitan Museum of Art. Human figures are comparatively rigid and static but are also minutely detailed, as in triumphal scenes of sieges, battles, and individual combat.

Art of Mesopotamia

In addition, an disc bearing her name and likeness was excavated in the at Ur, which was Enheduanna's main residence. Some fragments of stone vessels and alabaster jars have also been found in Jarmo, dating to circa 7500 BC, before the c. The Protoliterate or , named after the city of in southern Mesopotamia, ca.

Art of Mesopotamia

After her death, Enheduanna continued to be remembered as an important figure, perhaps even attaining semi-divine status.

Enheduanna

Large wooden gates throughout the period were strengthened and decorated with large horizontal metal bands, often decorated with reliefs, several of which have survived, such as the various.

Art of Mesopotamia

These marked fortified royal gateways, an architectural form common throughout Asia Minor. Enheduanna has also been recognized as an early rhetorical theorist by scholars such as Roberta Binkley.

Enheduanna

Lions, dragons and bulls are represented.

Enheduanna

Enheduanna, Daughter of King Sargon: Princess, Poet, Priestess 2300 B. Stone , , or ones probably commemorating victories and showing feasts, are also found from temples, which unlike more official ones lack inscriptions that would explain them; the fragmentary is an early example of the inscribed type, and the Assyrian a large and well preserved late one.
