Capitalize on disease using moe with the highest budget in the industry. Saori Hayami, Yuki Aoi, Miyu Irino were expectedly good, and Kaneko Yuki who played Midori in Tamako was a great pick for Ueno, another difficult character. And the overall story was ultimately incomplete because of this.

Koe no Katachi (A Silent Voice)

Are there creative shots in this work? Bicara kekurangan dari Koe No katachi, mungkin saja ini tidak layak disebut kelemahan, karena memang hampir semua anime jepang memiliki masalah yang sama. Filmul pare ca s-a concentrat mai mult pe povestea lui Yuzuru. For those wondering how and where I watched this film, I watched in Japan.

Review KOE NO KATACHI (2016)

Sadly, the execution is simply sickening. Unfortunately, the remaining characters were pretty much left out. But that also meant those who haven't were left scratching their heads.

Koi no Katachi (letra y canción)

There were recognizably magical rooftop sequences in Yamada's K-On! The movie tried to stay true to the manga as best as it could and in the core elements in delivering the original message that the manga had, it succeeded. Koe no Katachi tells the heartwarming tale of Shouya's reunion with Shouko and his honest attempts to redeem himself, all while being continually haunted by the shadows of his past.

Yuzuru Nishimiya

However, I felt that Reiko Yoshida has done a nearly perfect job with script-writing and editing the story to be able to fit in for a two hours film.

Koi no Katachi (letra y canción)

Yuzuru even posts a picture of him jumping into the river online, causing him to get suspended for a week. .

Koe no Katachi

Disini saya akan membuat spoiler, yang mungkin saja akan merusak atmosfir kalian dalm menontonya, karena menurut saya koe katachi sangat rentan hal itu. Fushigi na kimochi ne kotoba ni dekinai Atarimae no seikatsu kimi mo kizuiteru Hon no sukoshi dake hanareiteitanara Kinou no egao utsuri yakeni kanashii Onaji omoi utagau no wa yamete Sunao na kimochi wo narabete kazarou Omoikominankajanai yo ne hitotsu no koi no katachi Shinjiru yorokobi wo motto kasanete aruku futari no kage ga Kakaretara kienai Hitokoto dake demo yasashisa kanjiru Omoiyari ga afureru hitomi no oku ni mo Sorenari no yume ni unazu itekurete Warikirenai kimochi nagarehajimeta Doshitekana? Story felt good and dramatic, as Japanese like to do.

Koe no katachi

I dare say that in some aspects, it is better than a Ghibli film.
