## CASK

What remains the same throughout everything we do is the Cask philosophy and discipline delivering business transformation. What else can you ask for. X-linked intellectual disability gene CASK regulates postnatal brain growth in a non-cell autonomous manner.

### CASK gene: MedlinePlus Genetics

John Winter President and Co-founder Colorado, United States We did extensive research on canning equipment manufacturers and we felt the Cask machines were the best for our needs and our demanding quality standards.

### Government Consulting

CASK-related disorders are caused by mutations in the gene. Reducing corporate complexity and anxiety for new hires, this demonstrated that McAfee is a socially responsible employer and a great cultural fit. It is meant for health care professionals and researchers.

### CASK gene: MedlinePlus Genetics

The two main related disorders include microcephaly with pontine and cerebellar hypoplasia MICPCH and X-linked intellectual disability XL-ID with or without nystagmus.
